

# Dankort price list (physical sales)

Effective from 1 July 2020

## Dankort subscription

The annual Dankort subscription is governed by Nets in accordance with Section 23, paragraph 5 of the Danish Act on Payments.

You need to have one subscription per physical sales site with the same CBR.no/owner.

## Price model for Dankort FIXED

Choosing Dankort FIXED you pay a fixed fee each quarter. The price will be set based on the number of transactions within the last four quarters, i.e. where you are placed in price group 1-10, and your average ticket size.

If your rank in price group 1-10 changes, or your average ticket size changes, your subscription price will change as well.

## Dankort FIXED with an average ticket size below DKK 175:

Price group	Max. no. of yearly transactions	Q1 is charged 8 April 2020	Q2 is charged 8 July 2020	Q3 is charged 7 October 2020	Q4 is charged 6 January 2021

## Other prices

- Statistics materials, telephone consulting, etc.: DKK 784 p/h or part thereof
- Advice on technical solutions, etc.: DKK 1,335 p/h or part thereof
- Copy of payment card agreement for Dankort: DKK 240

## Collection of subscription

Subscription payments are collected every quarter in arrears. At the end of each quarter, Nets calculates the subscription for each quarter, Nets calculates the subscription for each business. The calculation is based on the number of transactions the company has had in the last four quarters. Subscriptions are automatically deducted. The deduction will reflect on the account statement, Nets does not send out invoices.

## New business

Nets calculates the amount of the subscription based on the number of transactions for the last four quarters. New businesses will be charged for the transactions they have had in the period they have existed. Therefore, they may have a lower quarterly charge for the first two quarters than after Q3-Q4.

## Termination

If a business closes, you will be charged for the current quarter immediately after closing. The amount of the subscription is calculated based on the number of transactions for the last three closed quarters as well as the current quarter.
